FARM FRESH RI

This pamphlet is generously provided by Farm Fresh RI, a nonprofit local food hub since 2004.

Farm Fresh RI's mission is to grow an equitable local food system for farmers and eaters across New England. We operate markets and transparent systems to help local food producers to reach more customers and reduce waste.

We also work with our community through education, nutrition incentives, and hunger relief programs to increase the accessibility and affordability of fresh, local food for all.

Farmers markets are essential food access points for our community and provide crucial marketplaces for local growers and producers. Thank you for choosing to shop local!

Support Farm Fresh RI to help us keep our local food system growing!
